

# CHAIRS AND TABLES IN CARTS

- Place 20 chairs upside down, one per slot in each of two chair carts.
- Put one 8 foot table and one 6 foot table on back side of chairs in each of the two carts

# CHAIRS AGAINST THE WALL BEHIND CARTS

Place the first chair upside down, legs toward the side wall. Place the second chair upside down, overlapping tops with 1<sup>st</sup> chair to keep them flat.

Place the third chair right side up, overlapping legs of 2<sup>nd</sup> chair to keep them flat.

Continue until you have about 7 layers of chairs (21 chairs) behind the 1<sup>st</sup> chair cart.

Repeat this procedure behind the 2<sup>nd</sup> chair cart until all the chairs are stacked.  
**GOOD WORK -YOU'RE DONE!**
