

Residential Permit Parking

Arlington County is improving its Residential Permit Parking Program.

The final recommendations can be seen online at www.parkarlington.com beginning **June 9, 2005.**

We have conducted over a year of community outreach and now are proposing changes, such as:

- Who is eligible to participate in zoned parking
- What areas may be zoned
- How the program is managed and enforced
- Visitor passes
- Hours that zoned parking is in effect
